

I think in politics today both parties are very hypocritical. I am overall disappointed in both political parties these days.

user1

I agree that there is hypocrisy amongst both parties, but I think it is more predominant with Republicans.

user2

I can see where you are coming from there. I would have to agree sometimes I feel the same that Republicans are quite hypocritical these days.

user1

Yes, especially in regards to the Roe v. Wade decision

user2

Yes, absolutely I couldn't agree more with that.

user1

I think that you should not be forcing women to have babies and then offer no health care, no social programs etc

user2

Exactly, It's hard to understand how they don't see how wrong that is.

user1

I wish more people could see what is obvious to so many of us.

user2

I do as well.
